Ice at the Jay-Eye-See.
The Rio Grande is booming.
The brick kiln is to be fired up to-day.
Ice cold lemonade and other seasonable drinks at the Jay-Eye-See.

There is going to be some great horse racing at Deming to-morrow.

The Atlantic & Pacific now runs two passenger trains per day each way.

Wednesday evening the citizens' cars were surprised by a set of bagpipes.

Silver City wants a park. What is the matter with using the college campus?

Engineer Ziegler intends to leave early next month for a trip to his old home in Ohio.

Ice improves the flavor of whiskey and beer. My bottles all repose in a nest of ice.—H. Ambler.

B. S. Horton left for California Sunday night. It is rumored that the trip is a matrimonial one.

Col. J. C. Bayne formerly editor of the Pecos Altos Miner, is holding down cases of the El Paso Herald.

Then Roberts is suffering from an attack of sciatic rheumatism, and has gone to Clifton to try the springs.

The Enterprise says J. G. Parke has given up the fight for the attorney generalship and gone to Oklahoma.

"Arkansas" has blossomed out with a fast deputy sheriff's badge and is doing a rapid legal business on the side.

The Gold Hill school opened up last Monday with Mrs. James Patterson as teacher. There are eleven scholars in attendance.

The Rev. H. J. Furness preached to two good sized audiences on Easter. He left this week for Las Cruces to move his family to Lordsburg.

The weather is getting rather warm but the people of Lordsburg can congratulate themselves that it does not begin to be as hot here as it is in El Paso.

Some young men at Benson have organized a brass band and a good many of the peace-loving citizens of the town have taken the ardent bush.—Herald.

Clark J. Webber, the printer, has moved into the building formerly occupied by the Liberal where he is prepared to do all kinds of plain and fancy printing.

The law requires a marriage license to be issued before the marriage service is performed. Justices of the peace should bear in mind that the penalty of violation is \$200 fine.

A member of the editorial staff of the temperance organ of this city, took a brass horn in front of a saloon every evening. Sentinel. Give his name and we will see that he is discharged.

It is now against the law for any man to request an officer to summon him or to have him summoned as a jurymen. Any man who has made such a request is disqualified as a jurymen.

There was a prize fight at Pecos Altos Sunday afternoon between Conner and McNally. Marquis of Queen-bury rules. McNally fouled in the sixth round and the fight was given to Conner.

Yesterday M. A. Dolan sold a fine bay Messenger stallion to Nichol Bros., of Pecos, Arizona, for \$800. They will send the animal to their ranch for breeding purposes.—El Paso Times.

A Kansas weather prophet predicts that the states east of the Mississippi river will have but very little rain this season, but that Kansas and the other states west of the river will have an abundance.

"Pap" Ambler says that a necessary ingredient of every cocktail is ice, pure crystal ice, and furthermore he is now prepared to furnish the cocktails aforesaid in the highest known style of the mixologist's art.

Rev. Hugh J. Furness has gone to Clifton, A. T., to enter upon his new field of labor. Mr. Furness will make a good citizen and we commend him to any locality in which his lot may be cast.—Las Cruces Republican.

The passengers of the steamer Denmark, which was found floating and deserted a few weeks ago, have turned up all right. The steamer was supposed to be sinking and the steamer Missouri took them off and brought them safely to land.

According to the official proceedings of the county commissioners C. W. Lawway was allowed \$2.50 as justice's fees from precinct No. 20. Lordsburg is precinct No. 20, and Judge Jones is looking for the man who has set up an opposition justice shop.

A telegram received in the city to-day, presumably from Senator Doney, one of the originators of the enterprise, is to the effect that the American meat company will soon be revived again, with some of the objectionable features and the oil trust men, who have proved themselves to be traitors in the camp, left out.—Optic.

The first official act of Gov. Prince was to sign a commission to-day appointing ex-Gov. Ross a notary public for Bernillo county. He also commissioned his competitor, Gen. John E. Bowman as the territorial commissioner at the centennial anniversary of Washington.

Gov. Prince was appointed notary public by Gov. Ross, and had occasion, while in Washington, to see that fact as a refutation of the charge that he was not a citizen of the territory.—New Mexican.

CLIFTON CULLINGS.

W. R. McCormack is reported as being very sick at the county seat.

Public opinion here lauds the act of the grand jury in taking the board of supervisors to task.

Barter & Whittington are looking happy. Their property has passed through the test of depth as to quantity of ore and analysis as to quality and has not been found wanting.

Johnny Yellow is kept busy these days. In addition to his duties as salesman for Torrance & Smith he is busy about three nights in the week assaying for prospectors and others, and is giving thorough satisfaction.

John Hovey went to Over a Peak to look at the Lucky Jim mine.

The Clifton drug store was opened last Friday evening. The interior being well lighted presented quite a cheerful and handsome appearance. The proprietors have stocked it with a full line of fresh drugs, etc., and are certain of doing a good business as there is no competition.

The novel feature of the enterprise is that the proprietors are ladies, Mrs. J. H. Lacy and Mrs. Kate Maxon. I would say, if I was not afraid of being taken to task by the rest of the fair sex here, that they are the best looking ladies in town. Mrs. Maxon is the manager and is a careful and capable compounder of medicines. It is comical to see how ugly she becomes if asked for credit.

Your correspondent is under obligations to Dave Clark and Bill Polk, engineers, and to Tommy Simpson for courtesies, and he takes this occasion to acknowledge and thank them.

Dick Lakewell, ex-railroad engineer, has not been here very long, yet it would be hard to find a person who will not say that Dick is a whole souled, genial gentleman. He has taken up the occupation of prospecting, and has located some good claims in Gold Gulch.

The Clifton office was moved back to its old quarters last Saturday. The wagon containing the material became stalled in the river en route and in order to facilitate matters W. W. Jones, the manager and editor, made a plunge into the swirling, rushing and muddy waters of the river and "put his shoulder to the wheel," but his efforts were futile, so he crawled out. When he struck the shore his appearance would have delighted and made exceeding glad the hearts of the Bulletin company, from the unknown editor down to the devil. When the wagon eventually was being hauled out the worst accident of all occurred. The taking stone was at the tail end of the wagon and there was no tail board. The result was that when the wagon was being pulled up the bank and out of the river the said taking stone, with all the poetry of motion that can be imagined, "silently slid and gracefully glided" back into a hole that would swim an elephant. Here was an occasion when an editor had a legitimate right to make and would be perfectly justified in making a kick. But he never murmured—he smiled—and did he show the remotest inclination to let the atmosphere of the hue that any ordinary mortal would have done. He said "this is a pretty kettle of piconatorial products. Well, the Bulletin is behind time, and such being the case maybe that great unknown editor of the Bulletin who uses such a volume of words to express an idea will become convinced that there are prairie enough at this end of the line to show up sophism or any other idea that apologizes for wrongs and questions by inundo the acts of representative citizens that composed the late grand jury of Graham county." After he relieved himself by oratory above he turned slowly and with dignity said to the devil: "Clint, you get the stone or I will invoke the power of the press on you when we go to press." Rice Jones, "the intelligent compositor," was standing near looking blue, the cause was a big, burly Dutchman, Heavy Hill's teamster, being in a hurry when loading the material, grabbed a form and threw it into the wagon. Of course there was pi and everybody laughed. It was funny. Rice thought it was the most comical thing he had seen in his pious career. By the way, Rice Jones was the first printer that worked on the old Clifton.

Jodie, who shot his wife on the 12th had his preliminary examination Tuesday, and the testimony adduced developed nothing new. He was placed under \$2,000 bonds to appear before the grand jury to answer to the charge of assault with intent to murder. He entered into the trial without a witness. At the commencement of the trial an idea struck him that perhaps a little dramatic display would have a favorable effect on the court. He commenced a burlesque, and among other things said that he had only one friend in the world, whereupon District Attorney Patterson asked him where his friend was. Jodie said nothing, but silently and solemnly raised his hand and pointed toward the zenith at the same time casting his eyes Heavenward. Right there the district attorney got in his work by asking him if he had his friend subpoenaed.

There was no reply to this except that all he wanted was fair play. He got it. He ingeniously endeavored to and in a manner successfully acted the role of a semi-madman, but it was too thin, and it was apparent to the spectators that his madness was too strongly tinged with method.

Stilob's cure will immediately relieve croup, whooping cough and bronchitis. Eagle drug store.

MINING MATTERS.

Reports from Various Camps—Items of General Interest to Miners.

The latest quotations are: Silver, 92 1/4; copper, 18.50; lead, 3.65.

O. E. Colby shipped a carload of ore from the Penelope this week to Denver.

The billion shipments from Silver City for the first three months of 1889 amounted to \$75,612.30.

The Hillsboro Advocate says that rich placer ground has been found on the east slope of the Black Range.

The deal between C. E. Rand and Barter & Whittington for the Comstock group of mines in the Silver Basin is reported off.

R. H. Potter for the Humboldt company at Shakespear has contracted with Denver parties for ten stamps, a set of rolls, two feeders, an automatic sizer, a Hooper shiner and a sample grinder. The machinery is now being made and will be shipped in the course of the next thirty days. Mr. Potter is now busy getting the Linn machinery out of the way and arranging the mill for the new machinery.

Times have been pretty hot in Oklahoma this week. The territory was opened up Monday noon, and the crowd immediately rushed in. It is estimated there were at least 10,000 people at Guthrie on Monday night, and there were no accommodations for them. There was a great deal of suffering for the necessities of life and on Tuesday hundreds of people left the territory disgusted. There were several fights and two or three men killed, but no arrests yet will have a rough time this summer, but if they can hold out will have a fine state. The time for a man to go there, if he wants a farm, and has a little money, is next fall.

Lieutenant Fredrick Schwatka, late of the Third U. S. cavalry is now exploring the Sierra Madre in search of a route for the Deming, Sierra Madre & Santa Fe railroad. He will be several months and is accompanied by a corps of able assistants, among them Mr. Charles E. Herbert of Silver City. Lieutenant Schwatka is best known from his explorations in the Arctic regions and especially in Alaska, where he ascended Mount Eliza, and explored the Yukon river. He is writing a series of very interesting letters descriptive of the country and trip, for the San Marcial Reporter.

L. A. Snyder returned last week from San Diego. He says it is the prettiest country in the world just now.—Ed. Hand, J. W. Fleming and W. F. Farish are in Chihuahua.—H. Clasen, county assessor, and his deputy, Mr. App, passed through Silver this week or they way to the northern part of the county. The boys have a roadometer attached to their vehicle, and are measuring the roads over which they travel. They estimate that they will travel 1500 miles in assessing the county.—Enterprise.

John C. Manning had a very serious attack of sickness Saturday, from which he came near dying. Dr. Simpson says there was a general congestion of all the internal organs, caused by an undue amount of exposure incident to his staying up nights for the purpose of calling passengers for the morning trains, and by insufficient nutrition. We are glad to say that John C. is much better.

Our enterprising and popular druggist W. H. Small endeavors to supply his customers with the best and most reliable medicines in the market. He has secured the agency for Chamberlain's remedies and is now prepared to supply these celebrated medicines to his customers. Chamberlain's cough remedy is famous for its cures of throat and lung diseases and is said to cure a severe cold in less time than any other treatment. Chamberlain's colic, cholera and diarrhoea remedy is standard throughout the United States for bowel complaint and recognized as the most prompt and reliable medicine known for colic, cholera morbus, dysentery and diarrhoea. Many cases of long standing that had resisted all other treatment, the proprietors assure us, have been cured by this medicine. Mr. Small was certainly fortunate in securing the agency for such valuable remedies. He will have them in stock by April 10th.

Calumet cured, health and sweet breath secured, by Shiloh's calumet remedy, price 50 cents, nasal injector free. Eagle drug store.

MARVELS OF THE WEST

Six Books in One Volume—Marvels of Nature—Marvels of Race—Marvels of Enterprise—Marvels of Mining—Marvels of Stock Raising—Marvels of Agriculture.

AGENTS WANTED in all parts of the country for this grand new book. The largest sale in the shortest time of any book published; nearly 800 pages and over 350 elegant engravings. Fine portraits of 21 railroad kings, mining and cattle kings.

The success of working agents is something remarkable, many of them are making from \$5.00 to \$20.00 a day.

A new agent sold 70 copies in six days. Agent's profits \$136.50. Show the book and it sells itself. None but good earnest workers wanted, as territory is very valuable. Do not delay, but write at once for illustrated circulars and special terms free.

You will need no experience or capital in this business as our "new plans" allow agents to order books on 30 days time before paying our bills. Address THE HINCHCOCK CO., 733 Market St. San Francisco, Cal.

The county commissioners seem to have it in for the officers from this part of the county. At the last meeting of the board there were three bills presented by Lordsburg officers. They were made out according to the statutes and amounted to \$123, 687 and \$46 respectively. The board happened to be generously inclined that day and cut the bills to \$97, \$57 and \$27 each. Now an officer is entitled to all the law allows and when he makes out a bill according to law the board has no right to cut it down. Of course it it does make a cut of a few dollars on each bill that amount will be saved to the taxpayers although it is done by robbing individuals. However hard up the county may be the taxpayers are not anxious to save their own pockets by robbing a man of money earned. Again, it is no easy job to get officers in this precinct, and it will be still harder if the board persists in cutting bills for no other apparent reason than that the men who earned the money are 50 or 60 miles away.

Hon. Jas. D. Griffin, judge of the eighth judicial district of Iowa, says: "It gives me pleasure to recommend Chamberlain's remedies, because I do so from actual experience in the use of them in my family. I refer particularly to Chamberlain's cough remedy, which I think unexcelled by any other." Sold by W. H. Small.

Shiloh's vitalizer is what you need for constipation, loss of appetite, dizziness and all symptoms of dyspepsia. Price 10 and 75 cents per bottle. Eagle drug store.
